

## LEADER OF MINERS TELLS OF COLORADO STRIKE CONDITIONS

### John Lawson Before Congressional Investigating Committee

## DESCRIBES WARFARE

### Labor Leader Tells of Bloody Battles Between Strikers and State Militiamen

## HANCOCK HEARING CONTINUES

DENVER, Colo., Feb. 10.—A story of the Colorado coal strike was told today by John R. Lawson, one of the most conspicuous leaders of the miners before the congressional investigating committee. Near the end of the session after several hours of preliminary skirmishing, Lawson took the stand.

For an hour commitment, attorneys and spectators followed with interest the testimony of the Colorado member of the International executive board of the United Mine Workers of America.

He told of battles in which both sides shot to kill; of a state of warfare in which strikers and militiamen braved hazards in cheerless camps.

The labor leader told the committee that he began working in coal mines when a child of eight years. He outlined the methods by which, as he alleged, the United Mine Workers call strikes. Then he entered upon the history of the coal mining industry in Colorado, from the time of the strike of 1903, which was lost by the miners.

"In that strike," he declared, "the operators brought in gunmen, thugs who had been guilty of almost every crime on the calendar, to intimidate the miners."

Lawson told of a number of cases in which he said, the union had prevented strikes.

The witness described the calling of the strike in 1913, in which, he claimed 95 per cent of the miners walked out within a week. He told of the exodus of miners from their homes to the tent colonies provided by the union.

The operators had an army of from 600 to 700 gunmen in Las Animas and Huerfano counties, he said.

"They had what is called the death special, an armoured automobile in which was mounted one of their machine guns, which carried the squad of private detectives. Once I talked with Sergeant Petten, who told me that he was operating a machine gun for the mine companies. Seen them operate? Well, I've heard them. We didn't buy any machine guns. We bought some rifles to protect the lives and property of the miners."

Lawson told of skirmish at the Ludlow tent colony in which he said one was hurt. Next he described the battles at the Forbes tent colony on October 17th, in which one man was killed and two wounded.

Lawson's testimony was uncompleted when the chairman, somewhat after the prescribed hour, adjourned the session. The labor leader will resume the stand at 9 o'clock tomorrow morning.

## Tells Condition in Mines.

Hancock, Mich., Feb. 10.—Conditions in the copper mines were described today by four witnesses for the striking union men before the house investigating subcommittee. All except one, Sidney Thomas, previously had told their stories at the hearings before Governor Ferris.

Ampeck local of the Western Federation of Miners, related how on one occasion his experience as a miner, he had been compelled to go forth from the Cliff Mine in winter, his clothes wet, to cut up timber for use below. "I think that's an outrage exclaimed Representative Casey, 'Is there no law to protect the miners from such inhuman conditions?'"

Angus M. Kerr of counsel for the Western Federation whom the question was directed to, replied that there was no such law. Cliff mine is an abandoned working which was re-explored by the Calumet Hecla company in 1907. Thomas said he was employed in the mine that winter. Adolphus Burg, a miner, told the committee that a mine captain in the South Kearsarge mine had cheated him out of \$29 by changing the measurements on the rock after he had taken it out because he had told him he was going to quit.

"Have you no way to rectify these deplorable conditions?" asked Mr. Casey. The witness replied that the mine captain's word was final.

O. N. Hillon, senior counsel for the federation read into the record several letters and telegrams exchanged between the officers here and in Denver for the purpose of showing, as he said, that President Meyer and Vice-President Mahoney were not responsible for the strike being called.

## COURT REFUSES TO GRANT A RE-HEARING

### LUMBER COMPANIES MUST LEAVE STATE OF MISSOURI

Missouri Supreme Court Refuses Re-hearing of Ouster Decree Or to Modify Its Judgment Under Which Companies Are Ordered Out of State.

JEFFERSON CITY, Mo., Feb. 10.—Missouri supreme court this afternoon refused to grant a re-hearing of its ouster decree against certain lumber companies charged with violating the state anti-trust laws, or to modify its judgment under which eleven companies were ordered unconditionally to leave the state.

The exact effect of the decision of the court, however, is uncertain for Chief Justice Lamm refused to explain it saying that the decree spoke for itself. A clause in the decree by which the supreme court retains jurisdiction of the lumber cases has created the impression among attorneys here that if the companies pay the fines assessed them and demonstrates that they will obey the laws in the future the decree of ouster will be suspended, or at least that the court will not enforce the ouster while the companies are on good behavior.

The decree of the court announced this afternoon follows: "The several motions for re-hearing and the several motions for the modification of judgment herein having been seen and having been heard by this court and considered, they are overruled but the court reserves jurisdiction of the cases and all respondents."

The ouster against the Standard Oil company was suspended by the court last year and attorneys expect the court to take similar action in the lumber case.

The original decree in the lumber case was filed December 21, against twenty-seven companies, nineteen of them Missouri corporations. Against these concerns, fines aggregating more than \$400,000 were assessed. Ouster decrees were also entered against most of the companies but by the terms of the decree, the ouster was suspended against all but eleven on condition that they pay the fines and conform to the state anti-trust laws. The eleven companies the largest lumber concerns in the United States were ordered to leave the state.

The Commercial club of Kansas City and the Business Men's League of St. Louis, as "friends of the court" filed briefs setting forth the importance of the lumber industry to those cities and to the state. One large lumber company moved its offices from St. Louis to East St. Louis, Ill., and from Kansas City, Mo., to Kansas City, Kan., announcing at the same time that it would appeal for a re-hearing.

The split against the lumber companies were brought by former Governor Hadley when he was attorney general of Missouri.

## SONS WILL CARRY OUT THE WISHES OF R. T. CRANE, SR.

### Executors Will Fulfill Their Father's Verbal Wishes Within a Year.

Chicago, Feb. 10.—Some of the wishes of R. T. Crane, Sr., which are to be carried out by his sons were made known today by Charles R. Crane.

Among the most important interprises are: One million dollar endowment to provide a home in Cook county for deserted wives and widows with children.

One million dollars endowment for pension and disability benefits for employees of the Crane company.

One hundred thousand dollars endowment fund to the United Charities for the Mary Crane Nursery.

Twenty-five thousand endowment to the "Fighting Nurses' association."

Ten thousand dollar endowment to the Lake Geneva Fresh Air Fund.

Although the Crane will make provision for these endowments, Charles R. Crane said his brother Richard T. Crane, Jr., and he, the two executors would carry out their father's verbal wishes within a year.

## STENOGRAPHER SUICIDES.

Kansas City, Mo., Feb. 10.—Following her mother and father to a suicide's grave, Miss Elma Zimmerman, a stenographer, 32 years old, leaped from the parapet on the roof of the 15th story of the R. A. Long building in the downtown retail district today and was dashed to earth. Miss Zimmerman's friends could give no reason for despondence on her part.

Counsel for the mining companies wanted to know how many members the federation had in the copper country the day before the strike began. Charles E. Hietala, district secretary of the federation gave the number as 9,000. A. E. Petermann, counsel for the companies then asked the witness to furnish the committee with the number of men who are receiving strike benefit now. Hietala said he could not do so as he had sent his books to Denver.

Hietala said the federation was distributing about \$39,000 weekly in money and store orders among its members here.

The committee will continue its sessions tomorrow. Mr. Matton said that at least 100 more witnesses could be called to give testimony as to conditions in the mines.

## MEXICAN BANDIT REPORTED TO HAVE BEEN CAPTURED

### Bandit Held Responsible for Cumbre Tunnel Disaster Thought Arrested

## ALL WILL BE EXECUTED

### If News of Capture of the Outlaw Band Is Correct They Will Be Publicly Executed at Juarez

## YAQUI OUTRAGES NUMEROUS

EL PASO, Texas, Feb. 10.—A despatch to the Times from a staff correspondent at Cumbre tonight carries the report that Maximo Castillo, the bandit, held responsible for the Cumbre tunnel disaster, and the remainder of his band have been captured. The capture is said to have been made at Cadalin ranch, a few miles east of Pearson. The report adds that the prisoners will be brought to Casas Grandes.

Would Execute Prisoners. Juarez, Mexico, Feb. 10.—In the absence of official dispatches, General Francisco Villa said tonight he hoped the news report of the capture of the bandit Castillo was correct and that if it proved true he said he would bring the prisoners to Juarez and have them publicly executed. "Every American and every Mexican will be invited to attend the execution," he said. "I feel a great responsibility in this awful disaster because I have given the Americans my promise that they would be protected. Having failed in this particular instance I want to vindicate myself so far as I can by wiping out the bandits who slaughtered fifty innocent persons."

Up to mid-night General Villa received no official notification of the capture of Castillo and his fellow bandits.

No Bandits Removed. Cumbre, Chihuahua, Mexico, Feb. 10.—Working from the south end of the tunnel today explorers traversed the length of the tunnel train, but no bodies were found as the wreckage itself is buried in earth. Fragments of bones which appeared to have belonged to different individuals were picked up.

A powder puff intact in its metal box, a small purse and the clasp of a larger one, believed to have been the property of Mrs. Lee Garrison, who perished also were found.

To Investigate Report. Douglas, Arizona, Feb. 10.—A scouting squad was sent into the Cajon Bonilla country southeast of here today by Col. Calles, constitutional commander of the frontier zone to investigate the report that part of Maximo Castillo's band of Mexican bandits who are held responsible for the Cumbre tunnel disaster had crossed into the state of Sonora.

Mexican Gunboat at New Orleans. New Orleans, Feb. 10.—The Mexican federal gunboat Zaragoza crossed the bar at the mouth of the Mississippi river late today and proceeded toward New Orleans. The purpose of the visit here has not been learned.

Yaqui Outrages Continue. Douglas, Arizona, Feb. 10.—Yaqui outrages have become so prevalent in Sonora that General Alvaro Obregon has decided to furnish military escorts to all travelers, according to a special despatch received today from Hermosillo, the constitutional capital.

Will Enter Mexico City. Paris, Feb. 10.—The financial agent of the Mexican constitutionalists at Paris, Juan Sanchez Azcona issued a statement today to the effect that General Carranza may be expected to enter Mexico City within three months. The agent adds that in any case, whether in power or not the constitutionalists will pay the interest of the national debt in April, defaulted by President Huerta, for which he says, they have the necessary funds ready.

Now Near Tampico. Tampico, Feb. 10.—Col. Luis Caballero, the constitutionalist governor of the state of Tamaulipas with a force of 1,200 men is now at Los Esteros, about 25 miles from Tampico. The governor says he has intensive orders to capture Tampico and it is understood that he is delaying the attack only because he expects some of the defenders of the town to join his forces.

Appointed Representative. Culiacan, Mexico, Feb. 10.—Juan Sanchez Azcona, who has been acting until recently as secretary of state of Sonora was appointed representative of the Mexican constitutionalists in Europe by General Carranza today.

Distributed Among Poor. Douglas, Arizona, Feb. 10.—Six hundred city lots in Agua Prieta townships, seized a few days ago from Arturo Morales, accused of being a Huerta sympathizer, will be distributed among the poor of the town as an example of the agrarian policy of the constitutionalists, it was announced today.

## NATIONAL COMMISSION IN SECRET CONFERENCE

### EVERS IS ORDERED TO PRODUCE COPY OF HIS CHICAGO CONTRACT

President Murphy's Summary Dismissal of Evers, is Generally Considered as Being Ill-Timed—O'Day to Manage Cubs.

NEW YORK, Feb. 10.—The National Baseball commission went into secret conference here late tonight. No announcement was made as to what was being discussed but it was learned at midnight that the commission had ordered Johnny Evers to appear before it with a copy of his contract with the Chicago National club.

Evers earlier had been deposed as manager of the Cubs.

The unheralded gathering of the highest powers of organized baseball came as the climax of a rapid sequence of baseball developments attending the meeting of the National League which, almost incidentally as it seemed, announced its 1914 playing schedule. It was coincident too, with a gathering of Federal League magnates in this city with no one knew what menace to the interests of the organized game.

The commission took no one into confidence and it was several hours before it was known a meeting was in progress. The news came when the commission issued its summons for Evers to appear before it. It was said, however, that it might be Thursday before Evers would appear in person. The action of Chas. W. Murphy in ousting Evers as manager created an apparent undercurrent of hostility among the leaders of organized baseball toward the Chicago club's president and the commission's order to Evers to produce his contracts was considered significant.

Murphy and Henry O'Day, Cincinnati's manager in 1912 whom Murphy announced as Evers' successor, disappeared after the announcement was made of Evers' dismissal, and would not discuss the matter of contracts.

President James E. Gaffney of the Boston Nationals announced tonight he was ready to give \$25,000 for Evers' release. It is known that Brooklyn and Philadelphia are after Evers and it is reported that Cincinnati is in the hunt. Meanwhile President Frank Farrell of the New York Americans said he would offer as high or higher than anyone else in an effort to secure Evers to the Yankees.

League Leaders in New York. New York, Feb. 10.—President Gilmore and five other representatives of the Federal League arrived here today.

With Gilmore in the party which reached this city from Chicago were Charles Weighman, William Walker and E. E. Gates of Indianapolis. These were joined after their arrival by Edward Hanlon and Henry Spunking of Baltimore.

Speaking for the Federal League and its club members President Gilmore said: "I won't say why we are here, but I can say it is not nor never was our intention to place a club in Greater New York."

"The Federal League has never tampered with organized players. We have played fair with organized baseball but organized baseball has not played fair with us and has left itself open to damages of \$100,000 of rotating players away after they have signed contracts with us."

"We have signed one hundred and forty two players, ninety five of whom were big leaguers. We will give Kilmer and Kirkpatrick ten days in which to make up their minds to live up to their contracts with the Federal League and if they don't we will begin legal proceedings."

"The Federal League has plenty of money behind it but has never offered one cent as a bonus. We have advanced money on salaries but no bonuses not even to Tinker, who, by the way, will be here on Thursday. All our transactions have been in cash and no checks were issued. In Baltimore we have paid \$32,000 on salaries to players and expended \$60,000 more in purchasing playing grounds and the erection of stands."

"It has been said that the Federal League could not finance the proposed eight club circuit. Well it can and it has money enough to cover three circuits. The Federal League means business and has come to stay. There is plenty of room for it."

Favor Democratic Conference. President Wilson's desire that congress repeal the provision of the canal act exempting merican coast-wise shipping from toll charges continued as an absorbing subject of interest in congress today and there developed considerable sentiment for a Democratic conference on the subject in the house as well as in the senate. Minority members of the inter-oceanic canal committee in the senate who argued and voted for the exempting provision have taken up for serious consideration the proposal to reverse the national policy. Those who let it be known today that their minds were open on the subject included Senators Chilton of West Virginia and Simmons of North Carolina.

"A treaty is the supreme law of the land," said Senator Chilton, "and our platform declaration cannot alter or repeal that law. Our platform declaration that the navy favors the exemption from tolls of American ships engaged in coast-wise trade probably ought to be read with this qualification, necessarily implied: 'The inter-oceanic canal committee of the senate considered this matter very carefully and decided to exempt those American vessels not belonging to trans-continental railroads. The law was, in a way, a compromise of the contending views then being urged upon the committee. There is room even for any provision that the president has any motive other than known to the treaty and the very best interest of the country.' His appeal to 'stop, look and listen' I confess, challenges my deepest interest and obligates my pride of opinion. I do know that he wants to do right and that he works incessantly at the risk of his health to be right all the time. No man is so wise as to accept him as he is from taking the second and third look at Mr. Wilson after tonight's speculation or expects error in the situation. More especially is this true when it becomes a matter affecting our foreign relations."

"In voting for the present law I thought, right from the information and light then at my command, I was not reversing myself unless convinced that I was mistaken but if I am convinced I would not hesitate to do so."

## TO BE CONSULTED AT JERUSALEM.

Washington, Feb. 10.—President Wilson today nominated Oris A. Glazebrook of Elizabeth, N. J., to be consul at Jerusalem, Palestine.

Washington, Feb. 10.—Suit under the Sherman anti-trust law for dissolution of the merger of the Central Pacific and Southern Pacific railroads, will be filed in a few days by Attorney General McKreynolds, probably in the federal court at Salt Lake City. Mr. McKreynolds tonight announced his intention of proceeding with plans for the dissolution.

## SHACKLEFORD BILL PASSES THE HOUSE BY LARGE MAJORITY

### Bill Providing Federal Aid for State Good Roads Awaits Action of Senate

## WILL AID THE FARMER

### In Debate Majority of Representatives Advocate Project In the Interest of the Farmers

## OTHER WASHINGTON NEWS

WASHINGTON, Feb. 10.—The Shackleford bill under which the federal government would distribute \$25,000,000 for good roads in the various states conditioned upon a dollar for dollar appropriation by each state, was passed by the house today by a vote of 282 to 42 and now awaits action by the senate. Its passage followed several days of debate during which most of the hundred and more speakers advocated the project in the interest of the farmers while a minority attacked the project as a dangerous opening wedge for heavy future inroads on the treasury. Democratic Leader Underwood, Republican Leader Mann and Representative Hinebaugh of Illinois, the ranking Progressive in the city, all voted for the measure. Representative Mann declared that the cities would well afford from their wealth to contribute taxes to aid the country in construction of roads and other improvements.

Senate Passes Cummins' Bill. Senator Cummins' bill designed to cure some of the evils disclosed by the lobby investigation last summer was passed by the senate today without debate. It provides heavy penalties for impersonators of members of congress or other federal officials, and for over-active lobbyists. The first section of measure would make it a crime, punishable by not more than five years imprisonment and not more than \$10,000 fine for any person to impersonate a member or employee of congress or officer of the United States in communications across state lines. Under the second section, it would be a crime punishable by not more than three years imprisonment and not more than \$5,000 fine for any person to state falsely in any communication, public or private, that he has influenced or had brought influence to bear upon any member of congress or officer of the United States concerning law making or the execution of the laws "other than influence of right, rest and law."

The third would make it a crime punishable by imprisonment for not more than ten years and by a fine of not more than \$10,000 for any person to bring influence to bear on any member of congress or officer of the United States as provided in section two.

## PASS ORDINANCE FOR PROMOTION OF MORALS

### ZION CITY COUNCIL WOULD REGULATE CITIZENS' CONDUCT

Ordinance Adopted is Directed Against Flirting, Low Necked Gowns, Slit Skirts, Transparent Dresses, and Peek-a-boo Stockings.

ZION CITY, Ill., Feb. 10.—The city council tonight passed an ordinance for the promotion of public morals and the regulation of the conduct of citizens. The first section of the ordinance makes it unlawful to do any act, suggest any conduct, or say any word that is profane, vulgar or immoral or that has a tendency to offend public decency.

The second section is directed chiefly at flirting and makes it unlawful for any person in a loud or boisterous tone to ask any other to accompany him or her in a buggy, carriage automobile or other vehicle.

Section three prohibits any operator of bicycle or motorcycle from taking any person of the opposite sex on his machine except in a side seat. It also makes it against the law for any person to sit on the knee or lap of a person of the opposite sex or to embrace one another in a public place. The ordinance prescribes the juncture of the pit of the neck with the clavicle or collar bones or on the shoulders a greater than a third part of the distance from the neck to the tip of the shoulders as the point below which gowns for a woman over twelve years of age becomes "immodest, vulgar, indecent and suggestive of low and vicious morals."

The ordinance prohibits sleeves which expose a woman's arms above the middle of the fore-arm, forbids the slit-skirt, transparent dresses and places a ban upon peek-a-boo stockings.

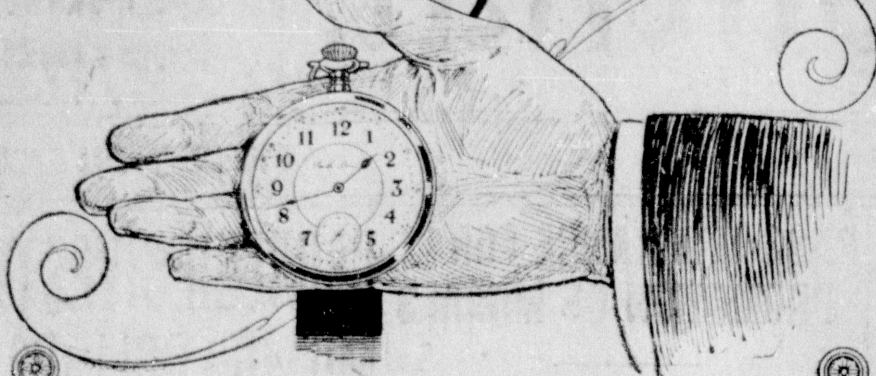

NORTHEASTERN PARTS OF UNITED STATES FEEL EARTH SHOCKS

Quake Lasts From 15 to 30 Seconds and Does Much Damage—One Fatality Reported.

New York, Feb. 10.—An earthquake lasting from 15 to 30 seconds and disturbing particularly what are geologically known as the Devonian and Silurian sections of the northeastern parts of the United States took place shortly after 1:30 today being especially severe in the central and northern parts of the New York state. Virtually all of New York state, including this city, felt the shock and New England generally, lower Eastern Canada and parts of New Jersey and Eastern Pennsylvania were shaken. Tremors were recorded as far south as Washington and as far west as St. Louis. At Albany,

### The choice of 20,000 Retail Jewelers

The first requisite of a watch is, of course, its time-keeping qualities. Next its appearance.

Some people put appearance first. But seldom do such watches give satisfactory service. In the Chesterfield you get a gratifying assurance of both appearance and service. For the Chesterfield is truly a gentleman's watch in its smart, thin-model style, and as a time-keeper its accuracy cannot be surpassed by any watch made.

We recommend it unqualifiedly both for looks and accuracy. Prices range from \$125 down. We suggest you see it.

### SALESMANSHIP DISCUSSED AT PUBLIC LIBRARY MEETING

C. S. Smith Made Very Interesting  
Talk to Large Audience on Important Theme—The Important Factors in Selling.

Last evening a fine audience gathered at the library building to hear an excellent address on salesmanship by C. S. Smith, with the International Harvester company. There were sixty men present and Miss Webster has every reason to feel gratified by the fine response to her efforts in the direction of popular and useful affairs of this kind. A brief outline of the remarks of the speaker is given.

"Salesmanship is great in its antiquity. In the 29th chapter of Genesis we learn how Jacob sold his services for seven years to Laban and his reward was the wife he didn't bargain for so he sold his services for another seven years and secured the prize. There is great universality in salesmanship. The lawyer, the teacher, the corporation all sell something. Salesmanship is not limited to clerks standing behind a counter. The newspaper is a great factor in selling. Last year the International Harvester company spent \$80,000 in advertising. There are 48,000 men on the firing line, or traveling men. Advertising sold 82 per cent of the great volume of goods disposed of in the land. Advertising is the greatest help to oral salesmanship. Salesmen are men of advertising and should go hand in hand with the newspaper.

"Really good salesmanship consists of inducing persons to buy whether they want the articles exactly as offered or not. A good salesman should be able to induce customers frequently to accept what is on hand even if it be not exactly what they wanted. Ninety-five per cent of the men who start in business fail and 80 per cent of the men who attempt to be salesmen. And now how is salesmanship successfully conducted?"

"In the first place the salesman should have the ability to inspire confidence. You cannot sell to an enemy. Often when a person goes to a store to trade he calls for a certain clerk because that clerk has inspired his confidence, has studied the peculiarities of the customer, knows what he wants and how to make the customer see it himself. The salesman should dress in a genteel manner, neither too loud nor too shabby. There is much in dress and address. Linen should be as clean as possible, boots blacked, clothes fit neatly and be good looking. Convince the customer that you are honest and what you say is reliable.

"There are four important things in making a sale, the salesman, the customer, the article to be sold and the sale itself. When a traveling man meets a prospective customer the first five minutes is all important and generally decides the future. You size up the customer and he sizes you. He takes into account your appearance and general qualities as you take in his.

"Selling is leading, not driving. You could never drive a man to buy anything but may induce him to take what you have to offer. The mind must work rapidly.

"After the sizing up of the customer comes the sale and in this there are four all important points or steps: The attention of the customer, his interest, his desire and his resolve, and with that you have him. You always have to pass through these four. We wonder how our grandfathers and great grandfathers did but they unconsciously did the very things which we are studying in a scientific manner only they did them unconsciously.

"The 20th century is a race against time. We are all in a hurry and all bent on getting there. Much depends on judgment and skill. Convince the customer that what you have to offer will be profitable for him to buy. I went into a store in New Hampton, Pa., and asked for a pair of mocha silk lined gloves. I asked the whole length of the store before I met anyone and when I made known my wants the clerk replied they didn't have what I wanted. This was repeated in two more stores but in the third when I made known my request the clerk seemed all attention and anxiety to please. He said they had none such as I had described but would like to show me what they did have. I told him I knew what I wanted but he insisted on my looking no matter whether I bought or not and he was so polite and nice about it I bought what he did have and never had a better pair of gloves in my life.

"When the sale is made and the money paid don't say 'thank you' in a merely mechanical manner but say nothing or else after your thanks from the heart. There is a difference between selling and wrapping up burdens. Don't get discouraged or impatient. I have seen clerks stand on one foot and frown when a customer failed to respond promptly. That is unwise. Endeavor to please your customer by your conduct, show him that you are interested in him; discuss the subject nearest his heart if you can and make him feel that you are interested in him beyond the mere sale in hand."

**MORE HOODS RECEIVED.**  
Two hundred more hoods were received by the city light department Tuesday. The lamps are already here and Mr. Brennan states that the 200 additional lights will be in position before the month is over, making a total of 400. The ones already in position will be utilized Thursday night for the first time.

**LUNCHEON THURSDAY.**  
The domestic science classes of the high school are preparing to hold their weekly luncheon at the high school Thursday morning at 10:30 o'clock.

### SOCIAL EVENTS.

Mrs. Harrison W. King of 140 Pine street entertained the members of the Tuesday card club yesterday afternoon in honor of her guest, Mrs. J. Herbert Hostetter of Pittsburgh, Penn.

Miss Frances English entertained the members of the L. A. L. B. club at a dinner at the Peacock Inn Tuesday evening. Afterward the evening was spent in dancing, the function proving in every way delightful.

The Woman's Country club of Orleans met Tuesday afternoon for a profitable session with Mrs. Christopher Richardson and finished its course of study on England. The literary program was followed by a social hour and the serving of refreshments. Mrs. Rosa Strawn read a paper comprising a number of "Selections from Wordsworth" and Mrs. James Holmes read an essay on "George Eliot's Silas Marner." The members answered to the roll call with quotations from English authors. Scotland will be the next country studied by the club.

Mrs. Hallett will entertain the ladies of the club for the next meeting at her home near Orleans.

The home of Mr. and Mrs. Percy Fernandes, 1923 North Fayette street was the scene last evening of a pleasant surprise when a company of twenty-five or more friends and relatives walked in and made themselves at home without a note of warning. Games and music furnished abundant diversion and refreshments were served at a late hour from the baskets with which each guest was laden. The friends met at the home of Samuel Fernandes, the host's father, and went to their destination in a body.

The annual banquet of the Home Makers Scientific Circle of Franklin was held Tuesday night at the residence of Mrs. Harlan Roberts. Valentine decorations of red and white with cupid, hearts and other novelties and pink roses were used. There are thirty-five ladies who belong to the organization and last night their husbands, and friends were invited, sixty in all being present. The hours were spent in a delightful social manner with games and music and the banquet served was greatly enjoyed.

The Jolly club met at the home of John Harding, north of Woodson Monday night. The gathering was a surprise on Mr. Harding and the gentlemen furnished oysters, treating the ladies. Music and games furnished amusement and this with the good supper made a pleasant evening.

Among those present were Mr. and Mrs. George Barnhart and daughter Lucile; Mr. and Mrs. Lewis Brockman, Hugh Vorhes and mother, C. O. Winter, wife and daughters; John Stark, Isaac Watson and son Charles; Dr. Butler, Mrs. John Casey and Miss Katie O'Meara.

The Dutch party given by division B. of the C. W. B. M. of Central Christian church last night at the home of Rev. Clyde S. Darsie was a very delightful event. The ladies appeared in Dutch costumes and the Dutch idea was carried out in the decorations and in the menu. Altogether the arrangements indicate the vast amount of time which the ladies had spent in preparing for the party and the company which assembled was enthusiastic in praise. The proceeds were for the division's portion of a pledge made toward the support of a home missionary, Prof. Paul who is to work all of the year 1914 under the auspices of the C. W. B. M. The members of division B. are thoroughly interested in the work outlined and will have no difficulty in raising the sum they have pledged.

Mr. and Mrs. Earl Rexroat of Litchberry entertained about forty of their friends Tuesday evening in celebration of the attainment of their fifth or wooden wedding anniversary. Fun and frolic was the order of the day from the arrival of the first guests to the cutting of the anniversary cake and the progressive games which were the features of the evening proved champion fun makers. Mrs. Willard Young won the first prize and Miss Anna Crum was the recipient of the consolation prize. The progressive games were played on nine tables and included flinch, checkers, rook, authors, two games of dominoes "hurdle race" Jack straws and fishing pond. John Daniels was the lucky finder of the ring when the cake was cut, and Harry Martin became the owner of the thimble. Two of the prophetic tokens went to Miss Anna Crum, the time and the learning needle. A number of presents were received by the host and hostess including some handsome furniture.

The Jacksonville Creamery is not only a home institution but it deserves your patronage because its products are of the highest quality.

### BROKEN PRESS CAUSED DELAY IN ISSUING JOURNAL TUESDAY

Courier Equipment Was Generously  
Placed At the Disposal of This  
Paper.

Broken cogs on a gear rack and a cylinder wheel put the Journal press out of commission temporarily yesterday and in consequence there was a much regretted delay of several hours in getting the papers out. After struggling for some time to remedy the break it was found necessary to utilize the press of the Courier and the management of that paper very generously placed the equipment at the disposal of the Journal. Employees of the Courier also lent all possible assistance.

Accidents of this character are likely to happen in a newspaper office any time and it is a fortunate thing that the relations between the two Jacksonville papers are so cordial. The Courier is unfailingly courteous in its personal relations with the Journal and the management of this paper desires to make public acknowledgement of this most recent favor shown.

### MADE GOOD RECORD.

Miss Flossie M. Oliver of the Clover Leaf Casualty company in a recent civil service examination in Springfield, has received word that she is 4th on the eligible list.

### Memory In Old Age.

Ways of the memory in later life exercised the famous Dr. Jowett of Oxford when he reached it, but he found consolation. "At fifty-five you fail to remember things—words, pictures, persons—after six months or a year's interval. Yet the circle of objects which you recognize is ever becoming wider, and this power of recognition is a great gift if cultivated. There is the greatest value in forgotten knowledge. Instead of the stores of memory oppressing you, with a little trouble you can recall all that is useful or necessary." And to Lady Wemyss, recovering from illness, he wrote: "Like you, I read a book through and do not remember a word of it. I think, however, that the reading of the book has an effect, and if I read it again I understand it better. I believe that as we lose our powers of memory we may increase the power of reminiscence—that is, of recalling what we want in small quantities for a short time."

### Did the Romans Smoke?

"Why is it that smoking never crept into Roman literature?" I have asked. To which a correspondent answers that it has crept. It is mentioned by Pliny (N. H. xvi. 6.16). He records the use of coltsfoot for smoking and recommends smoking the dried roots and leaves of this plant as a remedy for obstinate coughs and colds. From this the botanical name of the coltsfoot (tusilage, which means "cough easier," has been derived. British boys who have neither coughs nor colds still smoke coltsfoot surreptitiously and find that it makes them satisfactorily sick.—London Spectator.

### Bad Calculation.

John, who was going to bed one night and having no light, was groping his way (the bed being one of the old fashioned kind, with high bed posts). John, in feeling for the bed post, missed it with his hand and struck it with his nose.

"Ach!" he yelled. "That is the first time I knew my nose was longer than my arm."—National Monthly.

### Guessing His Trouble.

"I sometimes feel as if the world had little use for me—that things would go on just as well if I were out of it."

"Come, cheer up, old man. Before this time tomorrow you may meet some girl who will look just as good to you as the other one ever did."—Chicago Record-Herald.

### Bad Form.

Brother—What did you say to that old chap just now? Sister—I only thanked him for picking up my bag. Brother—My dear girl, you must learn not to be so dearsly grateful. It's not done, you know, nowadays.—London Punch.

### Her Life Long Passion.

He is the truly courageous man who never desponds.

### NERVOUS WOMEN

**Made Strong By Vinol.**  
A case has just come to our attention from St. Augustine, Fla. Mrs. W. B. Manney had suffered for two years from nervous prostration and indigestion. She had no appetite and was miserable. After trying different medicines and doctors without benefit she saw Vinol advertised and tried it. Her appetite returned, nervousness disappeared and she was soon strong and well as ever.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

It is the medicinal elements of the cod's livers contained in Vinol added to the properties of tonic iron which makes it so successful and we will return your money if it does not help you. Lee P. Alcott, druggist, Jacksonville, Ill.

## TOURNAMENT IS CLOSE AT HAND

J. H. S. IS PREPARING FOR DISTRICT MEET.

Local Athletic Association is mailing Letters to Various Schools Who are Expected to Enter Basketball Contest Here.

Greater interest is being taken in basketball this year over the state among high school teams than has been the case in a great many years. It is noticeable the number of smaller schools who have excellent teams and this will mean that the winner of the state championship will earn all the credit which is due the lucky five.

Where Tournaments are Held. The preliminary basketball tournaments will be held Feb. 27-28 and instead of six district tournaments as heretofore there will be held eight as follows:

Northwestern at Elgin.  
Northern at Rockford.  
Northwestern at Galesburg.  
North-Central at Peoria.  
Central at Decatur.  
Western at Jacksonville.  
Eastern at Charleston.  
Southern at Carbondale.

Schools Invited Here. Principal Collins and Prof. T. P. Carter, faculty athletic manager, have been mailing copies of letters to various schools in this section of the state to enter here. Among the number are the following schools:

Alton, Arenzville, Ashland, Augusta, Barry, Bunker Hill, Beardstown, Bushnell, Canton, Carthage, Chandlerville, Colchester, Carrollton, Cuba, Dallas City, Edwardsville, Good Hope, Greenfield, Greenville, Griggsville, Hamilton, Havana, Jacksonville, La Harpe, Litchfield, Macomb, Manchester, Mason City, Mendon, Mt. Sterling, Pittsfield, Plymouth, Petersburg, Quincy, Rount High (Jacksonville), Roodhouse, Springfield, Tallula, Taylorville, Virginia, White Hall.

Entries Close Friday A. M. J. H. Newlon, principal of the Decatur high school and vice president of the association is in charge of all the tournaments. He has sent out a list of rules and regulations which he wishes all district tournament managers to observe.

The local association expects to put Strawn's hall in the best possible shape for the meet, extra lights and seats will be provided. Entries which are to be made with Prof. Carter will close at 10 o'clock a. m., Saturday Feb. 21. Drawings for matching of teams for the first round will be conducted Friday, Feb. 27 at a. m., at the Jacksonville Y. M. C. A. building. Each team is requested to have a representative at that meeting. The committee here is also making arrangements for the accommodation of all who attend, so that the cost will be as low as possible.

Rules Governing Tournament. The following are some of the rules governing the tournament as outlined by Mr. Newlon and sent out by the J. H. S. management:

First. The division of proceeds will be 40 per cent of the gross to the management, 10 per cent to the state association, 50 per cent to the visiting teams.

Second. The managers of the tournament will pro-rate among the visiting teams their share of the dividends on the basis of mileage.

Third. All the local arrangements, including advertising, prices of admission, etc., are left to the local management.

Fourth. The vice-president will select the officials.

Fifth. The officials will be paid out of the local management's share of the proceeds.

Sixth. The manager of each tournament should get out a circular letter to the schools of the district, urging them to come to the tournament and explaining details. They should, also, advertise the tournaments in every other legitimate way.

Seventh. The vice-president will decide to which tournaments schools should go when there is doubt.

Eighth. The drawing for places should be in the presence of the officials of the tournaments, where possible. The providing of numbers for players, the arranging of schedule of games, and the drawing for places will be in charge of the management of the tournament. Care should be taken that the arrangement of a schedule of games should be impartial and satisfactory to all the schools concerned.

Ninth. Eligibility lists shall be forwarded to the manager of the tournament one week in advance, as in all other contests. Only members of the associate may participate in tournaments. Schools outside the state may not participate.

The western division will draw from the territory south of Canton, west of Springfield, north of East St. Louis and to state line on the west and the list includes about forty-five high schools.

Eligibility Rules. First. No person is eligible who is not a regular student of the high school or academy belonging to this association and who has not been enrolled as a member of that school from the beginning of the third week of the semester in which the contest or events take place.

Second. No student who has represented any inter-school contests in any capacity during the semester, and whose school connection has lapsed, shall again be eligible to represent such school in any athletic capacity until he shall have successfully carried the work of the semester lapsed.

Third. No student shall be allowed to represent his school in athletics in any capacity whatever, unless he shall be doing passing work in at

### RECEIVES CAR LOAD OF NEW HUDSON AUTOMOBILES

W. Newman and Son Have Shipment of Greatest Sixes on the Market—Visit Garage and See Cars.

W. Newman and Son have just received a car load of Hudson automobiles. Without doubt the Hudson car is considered one of the greatest sixes on the market. They are 40 horse power, 6 passenger, 125 inch wheelbase, left side drive, dimming searchlights, concealed hinges, two disappearing seats, gasoline tank in dash, Delco patented system of electric lighting and starting, "One Man" Pantaloie top.

It is the lightest six on the market, weighing 2800 pounds. It is so smooth-running, so flexible, so free from vibration, so economical of tires that it appeals to the shrewd buyer of autos. Men who want light weight, low fuel consumption, and the lowest price in a quality car, must come to this six to get them. The car will sell for \$1750. Wire wheels will be \$75 extra. Drop around to the Newman Garage, corner of North East and Court streets and have this car explained to you.

### MRS. PANKHURST'S RUSE FOOLS LONDON POLICE

Woman Dressed to Represent Militant Leader is Arrested—Siege of Bishop of London's Residence Abandoned.

London, Feb. 10.—Mrs. Emmeline Pankhurst, who yesterday returned to London from Switzerland beguiled the police tonight into a false arrest. She addressed a crowd from the window of her temporary residence in Campden Hill Square. She invited the government with cowardice and announced she was coming into the street and challenged the police to re-arrest her.

Forthwith, a woman emerged from the house; the crowd surged around to protect her and a lively scuffle ensued. The woman was arrested and with seven others was taken to the police station. There the police discovered they had been tricked. The woman was attired to represent Mrs. Pankhurst.

All those arrested were armed with clubs. They refused to give their names or addresses. They will be charged with obstruction and assault.

The police spent the remainder of the night watching the house, although it is not certain that Mrs. Pankhurst is still there. Mrs. Sylvia Pankhurst addressed a public meeting in the east end tonight.

declared that "the peoples' army" would soon be drilling in the open streets like Sir Edward Carson's Ulster army.

The suffragists were conspicuous by their absence today from parliament. The siege of the Bishop of London's residence was abandoned late in the afternoon.

### ASSISTANT LIBRARIAN FIRED BY SECRETARY WOODS IS REINSTATED

SPRINGFIELD, Ill., Feb. 10.—The state civil service commission today ordered Miss Estelle Bird assistant librarian who was discharged some time ago by Secretary of State Harry Woods, reinstated, and that she be given two months back pay to reimburse her for the time lost from her work.

The order also says that all employees of the state library who are not now under civil service shall take the examination to be conducted in this city next month. This will include not only recent appointments but those who heretofore regarded themselves as being under civil service because of the "blanket" provision of the 1911 law, which took in all those employees then in the service of the state and whose positions were put in the classified list.

## CERTIFICATES RETURNED.

Washington, Feb. 10.—One hundred sheets, bearing 499 partially engraved ten dollar certificates, which mysteriously disappeared from the bureau of engraving and printing two weeks ago, were returned to Joseph E. Ralph, director of the bureau.

Detectives are working on the case and until they complete their investigation I cannot explain how the notes were returned," said Mr. Ralph tonight. "I can only say they were given to me personally and are now safe and secure."

## NO NEWS FROM POTOMAC.

Washington, Feb. 10.—No news had come tonight from the naval tug Potomac believed to have been caught in the ice off the Bay of Islands, while on her way to rescue American fishermen marooned off the frozen shores of New Foundland. Navy officials are awaiting impatiently the arrival of the revenue cutter Androscooguin which is steaming to the aid of the Potomac and her imprisoned crew of 26.

## Eyes of the Starfish.

At the end of each arm in the common starfish there is a little red eye. It is sheltered at the base of the terminal tube foot, which has become altogether sensory. The eye or eye cushion shows little cups, each closed by a lens, lined by red, rodlike sensory cells, clothed externally by supporting cells and containing a transparent watery substance. Helmholtz Plessner made a number of experiments at Helligoland in order to discover how much a starfish sees with these "eyes" or eye spots. The answer is, not very much. It does not form an image nor does it perceive a moving object. But it has considerable sensitiveness in distinguishing different degrees of light and shade. Even the skin of the starfish is responsive to differences of illumination in the immediate vicinity, but by means of its "eyes" the starfish becomes aware of distant illumination that differs, either positively or negatively, from that of the immediately surrounding area.—New York World.

## DRIVEN ON TO BEACH.

New Orleans, La., Feb. 10.—Frederick W. Vanderbilt's yacht Warrior, which recently went ashore off the coast of Colombia is being driven further on to the beach only about one ship's length distant by a hurricane according to a radiogram received here late today.

## HAS ENGINE TROUBLE.

Bakersfield, Cal., Feb. 10.—Silas Christofferson who is flying from San Francisco to San Diego in a biplane left here today for Los Angeles but was forced to alight 38 miles south of here because of engine trouble.

**DEFEAT COMMISSION FORM.**  
Kenosha, Wis., Feb. 10.—A plan for the commission form of government was defeated at a special election here today. There were 1,500 votes cast against and 1,103 for it.

**NEW CHARTER DEFEATED.**  
Detroit, Mich., Feb. 10.—The proposed new charter for the city of Detroit was defeated today by a majority estimated unofficially at about 10,000 votes.

## CONFERENCE ARRANGED FOR WHITE HOUSE TODAY

INTER-STATE COMMERCE COM-  
MITTEE TO MEET PRESIDENT

Senate Committee After Deliberat-  
ing on Anti-Trust Legislation Will  
Consult With President Wilson To-  
day Regarding Legislative Pro-  
gram.

Washington, Feb. 10.—Having de-  
liberated for several weeks on the  
anti-trust legislative program as sug-  
gested by President Wilson members  
of the senate inter-state commerce  
committee are ready to consult the  
president with regard to proposed  
amendments to tentative bills and a  
conference has been arranged at the  
white house for tomorrow. Republi-  
can senators on the committee who  
have suggested amendments to the  
inter-state trade commission bill  
and the measures designed to sup-  
plement the Sherman act have been  
asked to join with the Democrats. It  
is the purpose of the administration  
leaders to keep the trust question  
out of the conference.

Aside from communicating their  
own ideas to the president as to  
tentative bills the members of the  
committee desire also to get further  
suggestions from the chief execu-  
tive. Some of the matters to be dis-  
cussed will be:

Amendment of the inter-state trade  
commission bill to extend the powers  
of the proposed body somewhat, but  
without conferring with administra-  
tive authority, also to exclude from  
publicity trade secrets and lists of  
customers required to be furnished  
by corporations.

A bill for an amendment to the  
trade relations measure to regulate  
holding companies and to prevent  
holding companies as restricting com-  
petition.

Amendments to the tentative bills  
designed to prevent interlocking di-  
rectorate and defining restraints of  
trade under the Sherman act. Though  
President Wilson has not indicated  
he has in mind any proposals for  
amendment of the tentative bills,  
some members of the committee be-  
lieve he may have some valuable sug-  
gestions for perfecting these meas-  
ures.

### INTERNATIONAL RELAY RACE.

New York, Feb. 10.—A gala night  
has been planned by the New York  
Athletic club for its annual indoor  
games at Madison Square Garden  
tomorrow night. It will be 35  
years since the club gave its first  
indoor meet, and the old timers of  
the Mercury Foot will flock to the  
garden to show their loyalty to the  
club after a third of a century.

Some of the men who were at the  
first games, and won prizes there,  
will be seen officiating tomorrow  
evening.

With this reunion of old timers  
and men prominent in the business  
life of the city there will be other  
attractions. A program of sixteen  
events, most of which are limited  
handicaps, has been arranged.

The big feature of the meeting  
will be an international relay race,  
with United States and Canada as  
contestant. Four men on a side  
will figure, with the American team  
consisting of Ted Meredith, the  
world's 800 meter and half mile  
record holder; Mel Sappard, Homer  
Baker and Tom Halpin. Canada  
will be represented by George  
Brook, Jack Tal, J. M. Phillips, an  
Englishman who has shown himself  
to be a fier, and Jack Theissler,  
holder of the Canadian records at  
110 and 880 yards.

### ANNOUNCEMENT.

I hereby announce my candidacy  
for the Democratic nomination for  
Circuit Judge at the primary election  
to be held March 24, 1914.

Francis E. Baldwin.

### "THE FIREFLY."

The name of Hammerstein in op-  
eratic circles has always meant a per-  
formance marked with artistry from  
every standpoint. In consequence,  
the announcement of Miss Edith  
Thayer's coming in a new comic op-  
era, "The Firefly" to the Grand next  
Friday should convince all music lov-  
ers that Arthur Hammerstein, who  
acts as sponsor for "The Firefly"  
has made every effort not only to  
surround his youthful star with the  
best artists available, but has built  
one of the most magnificent produc-  
tions from a scenic and costume  
standpoint that has ever been pre-  
sented in comedy opera.

This is the first time since Miss  
Thayer's appearance as the protege  
of the elder (Mr. Oscar) Ham-  
merstein in grand opera at the Man-  
hattan Opera House, that she has been  
given a vehicle wherein she could  
not only display her wonderful range  
of voice but her dramatic powers as  
well.

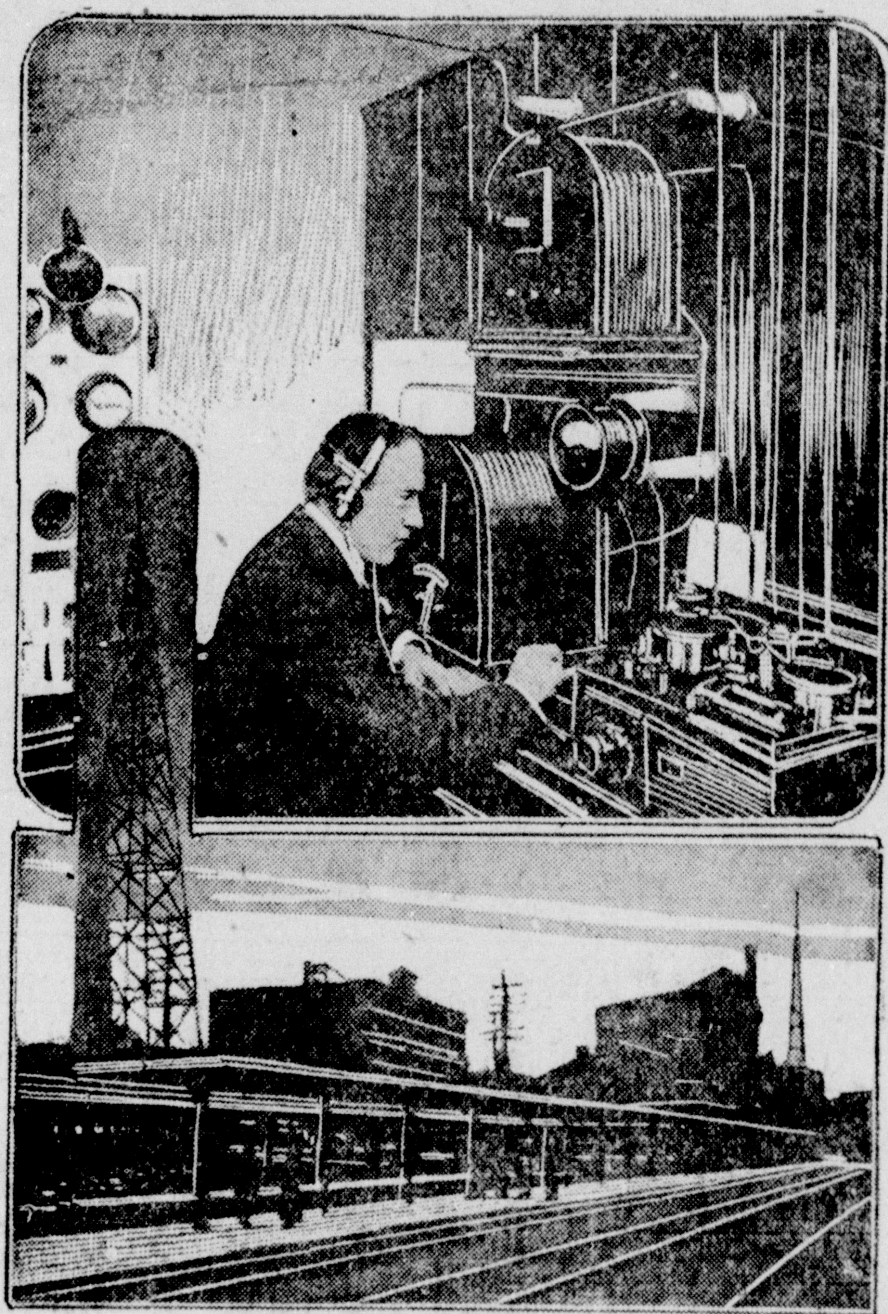

### CHALLENGES DEBATE.

Chicago, Feb. 10.—Mrs. Jessie  
Hardy Stubbs, western chairman of  
the Congressional Union for Woman  
Suffrage today invited Mrs. Medill  
McCormick, chairman of the execu-  
tive committee of the National Wo-  
man's Suffrage association to a de-  
bate over the policies of the two  
organizations. Mrs. McCormick pre-  
viously had issued a statement that  
her organization was not in sym-  
pathy with the policies of the rival  
organization especially its proposed  
march on the white house by suffra-  
gist hosts.

### NO ACTION IS TAKEN.

Washington, Feb. 10.—Confronted  
with the warning from the contingent  
expenses committee that if the old  
practice of substituting the telegraph  
for the mails continued a fertile field  
might be furnished to the "muck-  
raker", the senate today for an hour  
debated a proposal abolishing the  
senatorial privilege of sending tele-  
grams on "official business" at  
government expense. The matter  
went over without action.

### WORKING TO SECURE PURE FOOD SUPPLY IN ILLINOIS

Representative of the State Commis-  
sion Will Visit All Cities and Towns  
—Sanitation Will Be Given Special  
Consideration.

State Food Commissioner, W.  
Scott Matthews, for a week past has  
been holding a conference with his  
inspection force at headquarters,  
Manhattan Building, Chicago, for  
the purpose of discussing conditions  
in the state and giving instructions  
as to the coming year's work.

The men have gone forth to their  
respective districts with orders to  
give special attention to the work  
of sanitation.

Section 1. of the State Sanitary  
Law reads as follows:

"Be it enacted by the people of  
the State of Illinois, represented in  
the General Assembly, that every  
building, room, basement, inclosure  
or premises, occupied, used or main-  
tained as a bakery, confectionery,  
concern, packing house, slaughter  
house, creamery, cheese factory,  
restaurant, hotel, grocery, meat mar-  
ket, or as a factory, shop, ware-  
house, or any public or manufactur-  
ing place used for the preparation,  
manufacture, packing, storage, sale  
or distribution of any food as de-  
fined by statute, which is intended  
for sale, shall be properly and ade-  
quately lighted, drained, plumbed  
and ventilated, and shall be con-  
ducted with strict regard to the influence  
of such conditions upon the health  
of the operatives, employees, clerks  
or other persons therein employed  
and the purity and wholesomeness of  
the food, produced, prepared, manu-  
factured, packed, stored, sold or dis-  
tributed."

### Preparation Important.

The sanitary preparation and pro-  
duction of foods are quite as impor-  
tant as the character of the ingredi-  
ents which they contain or their  
labeling.

The inspectors will visit and inspect  
every food establishment in their  
districts and make a report to the  
main office as to conditions, accom-  
panied with the inspector's recom-  
mendations as given to the proprietor  
or manager.

Commissioner Matthews urges all  
local health, food or sanitary offi-  
cials to accompany the inspectors  
and to note the conditions. A copy  
of the recommendations will be left  
with such officer who shall reinspect  
and notify the department whether  
the person so notified has or has not  
complied within a specified time limit  
if he has not complied, the depart-  
ment will cite him to the office for  
a hearing to show cause, why he  
should not be punished according to  
the law for violation of the sanitary  
law.

### Complaints Will Be Considered

The commissioner wishes all per-  
sons, whether public officers or not,  
to notify the inspectors of any viola-  
tion, or if inspectors are not there  
in the town, to send complaint to  
the Chicago office, Manhattan Build-  
ing, Chicago. Such complaints are  
treated confidentially and receive  
prompt attention. It is your locality  
that the department is trying to ben-  
efit, so, Mr. Officer don't neglect these  
vital things.

Take an interest in the manufac-  
ture, handling, packing, storing, dis-  
play and distribution of the foods  
you are to eat and are to feed your  
wife and baby.

Note conditions. If they do not  
appear sanitary, let the department  
know so it can investigate. The in-  
spection force is small and the state  
large. Your efforts will be appreci-  
ated.

### LYNNVILLE.

Walter Fearnough shipped a  
load of hogs to St. Louis Tuesday,  
the 3rd.

Miss Nettie Hill, who has been  
visiting in Franklin, returned  
to her home Friday.

A. B. McKinney fell on the ice  
last Saturday and his injuries were  
sufficient to call Dr. T. M. Roberts  
of Chapin.

The Blues, who were defeated in  
the recent contest of the Lynnville  
Christian church Sunday school, will  
entertain the Reds in the Christian  
church Friday evening, Feb. 13th.  
All those who assisted in the con-  
test are most cordially invited to be  
present. We take this means of in-  
viting you one and all.

The Household Domestic Science  
club will meet at the home of Miss  
Gertrude Gordon's Wednesday after-  
noon. A large attendance is de-  
sired.

Clarence Gordon, the little son of  
Mrs. Nita Gordon, who has been  
very sick at this writing improv-  
ing.

Carl May, our village barber, is  
confined to his bed.

Misses Gladys and Nellie Gibbs  
entertained the members of their  
Sunday school class at their home  
near Point Pleasant last Saturday  
evening. Brother Ted Ranson is  
their teacher. A royal good time  
was enjoyed by all.

The members of the Ladies' Aid  
society of the Methodist church,  
with their families, will hold an all  
day meeting Wednesday, Feb. 11.  
An oyster dinner will be a very en-  
joyable part of the program.

Mrs. Edgar Gibbs and Mrs. Nettie  
Shepard will entertain their Sunday  
school classes next Saturday after-  
noon, Feb. 14, at the Methodist  
church. All members are requested  
to be present.

The aid society of the Christian  
church will serve dinner at Luther  
Waterfield's sale Feb. 17.

Denby Kilham of near Markham is  
confined to his bed with the mumps.  
Miss Frances Schotfield also is a  
victim of the mumps.

Arthur Kitchen is mumping  
around.

Every precaution will be used to  
keep the mumps from interfering  
with our schools.

Rev. Mr. Burnett's sermon theme  
for next Sunday morning, "Rightly  
Dividing the Word of Truth." An  
illustrated sermon, evening subject,  
"A Vision of His Face."

Mr. and Mrs. W. F. Parker have  
returned home after an extended  
visit with relatives in Decatur and  
Peoria.

Walter Duckwall from Chicago  
is spending a few days at home.

### SUPERINTENDENTS CHANGE

Springfield, Ill., Feb. 9.—In ap-  
pointments made today the superin-  
tendents of the Elgin and Barton-  
ville insane asylums change posi-  
tions.

Dr. Ralph T. Hinton superintendent  
at Elgin was appointed superin-  
tendent at Bartonville, succeeding  
H. G. Gahagan who was appointed a  
superintendent at the Elgin hospi-  
tal.

### THOMAS A. EDISON IS 67.

West Orange, N. J., Feb. 10.—  
Thomas A. Edison, the famous in-  
ventor, will be 67 years old tomor-  
row having been born on February  
11, 1847. So far as known no spe-  
cial plans have been made by Mr.  
Edison or his family to celebrate the  
anniversary.

### RURAL LEADERSHIP.

Opportunity for interesting and  
valuable service awaits a leader  
in Every Community—What One  
County Superintendent Did

It has fallen to the lot of Coles  
county, one of the most fertile  
counties of the 19th congressional  
district, to furnish a county super-  
intendent with "oresight enough to  
realize one of the great problems of  
rural education.

Each year we find our county  
boards of supervisors more awake  
to the needs of country folks who  
get their living from the farms. It  
has often happened that through the  
medium of an earnest, conscientious  
W. Ed Millar, that a part of the tax  
money is diverted from the usual  
channels to the interest of boys and  
girls living in the open country who  
may never see the inside of a high  
school much less the college of agri-  
culture, so generously provided for  
their benefit.

Realizing a responsibility to these  
boys and girls beyond the ordinary  
limits of his office, Mr. Millar easily  
persuaded his county board that  
there were a number of boys who  
would be glad of an opportunity to

study for two weeks, if only the in-  
structors and class rooms were pro-  
vided. The board at once accepted  
the situation and the jury room of  
the court house filled with cots was  
gladly offered and an instructor in  
the person of Roscoe Farrar of  
Humboldt, a graduate of our college  
of agriculture, procured for a series  
of lectures. Mr. Farrar, a product  
of Coles county with experience in  
teaching agronomy in one of the Cal-  
ifornia colleges, is a farmer of large  
acres and a splendid hand with boys.

### Program of Instruction.

Thirty-six boys from the 7th to  
the 10th grades registered for this  
course and listened intently with  
notebook in hand to daily programs  
made up from the following topics:

The purpose of this school; six  
factors of crop production; methods  
of controlling the factors; the prin-  
ciples of pruning; life history, hab-  
its and how to control the white  
grub; the care of farm tools in field  
and shop; care and operation of farm  
gas engines; relation of plants to  
the carbon cycle; bank organization  
—the function of the bank; irriga-  
tion; life history, habits and how to  
control the corn root louse; in-  
struction in rope work; shrinkage  
of corn in crib; the aspect of the  
soil; the physical improvement of

soils; the capillarity of six impor-  
tant soil types; work in concrete—  
building fences; the value of farm  
land; purpose of Coles county boys'  
corn club; economic biology; where  
and how people live; general re-  
view of the work.

### Boys Get New View Point.

The expense of the school was  
borne largely by the fund provided  
by the county board. A number of  
excursions were made into the coun-  
try for practical demonstrations and  
object lessons.

The economic value of such a  
course can hardly be calculated.  
These boys are led to an entirely  
new view point in agriculture, with  
encouraging prospects toward bet-  
ter farming and the atmosphere of  
the class rooms as well as the leader-  
ship of their instructors, have every  
reason to develop into stronger men  
as well as examples in their several  
communities.—J. B. Burrows, di-  
rector, Illinois Farmers' Institute.

### TAKEN TO JACKSONVILLE

### STATE HOSPITAL.

On petition of her sister Mary,  
Eliza Helliwell of Nortonville was  
taken to Jacksonville State hospital  
temporarily, pending an examina-  
tion into her sanity.

# DR. PRICES CREAM BAKING POWDER

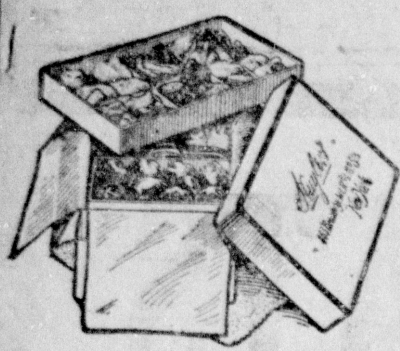

A Pure Cream of Tartar Powder

Dr. Wm. Sedgwick Saunders, Medical Officer of  
Health of the City of London, Eng., was good  
enough to say that a long and universal experience  
has proved a cream of tartar powder the most effi-  
cient, safe and economical, making food which could  
not be deleterious to the most delicate stomach.

In England the sale of baking powder  
containing alum is absolutely prohibited.

## ERUPTION ON ANKLE GREAT SUFFERING

Many Nights Did Not Sleep, Burned All the Time, Wore Bandage Night and Day, Used Cuticura Soap and Ointment. Now Well.

Kingsville, Mo.—"My trouble began eighteen years ago. Nearly half of the time there were running sores around my ankle; sometimes it would be two years at a time before they were healed. There were many nights I did not sleep because of the great suffering. The sores were deep running ones and so sore that I could not bear for anything to touch them. They would burn all the time and sting like a lot of bees were crawling around my ankle. I could not bear to scratch it, it was always so sensitive to the touch. I could not let my clothes touch it. The skin was very red. I made what I called a cap out of white felt, blotting paper and soft white cloth to hold it in shape. This I wore night and day.

"I tried many remedies for most of the eighteen years with no effect. Last summer when my ankle had been sore for over a year and much worse than ever before I sent for some Cuticura Soap and Ointment. It would itch and burn, besides a great burning that I think tongue could never explain. The very first time I used Cuticura Soap and Ointment I gained relief; they relieved the pain right then. It was three months from the time I commenced using Cuticura Soap and Ointment until the sores were entirely healed. I have not been troubled since." (Signed) Mrs. Charles E. Brooke, Oct. 22, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## Soda For Gas, Acid Stomach or Indigestion

Gas, Gas, Gas—When everything eaten turns to gas and we eructate sour food and acid fluids it means we are troubled with acidity, says a noted authority. An excess of hydrochloric acid in the stomach starts food fermentation and prevents complete digestion. Then our meals sour in the stomach like garbage in a can, forming gases which inflate the stomach like a toy balloon, causing a heavy, lumpy feeling in the chest; we belch gas, have sour risings, heartburn, flatulence, waterbrash and nausea.

He tells us to get aside all digestive aids and instead get from any pharmacy a package of **Soda** granules and take one tablet anytime followed by a tumbler of water which will instantly neutralize acidity, stop fermentation, absorb the gases and sweeten the entire digestive tract.

He further states that those men and women troubled with chronic acidity and its resulting indigestion, Sourness and Gases should take 10 grain Soda granule tablet regularly after meals for a period as this antacid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate U. ## EVERS WILL NOT MANAGE CHICAGO CUBS NEXT YEAR

JOHNNY EVERS WILL BE SUCCEEDED BY "HANK" O'DAY.

National League Umpire and Former Manager of Cincinnati Club Will Take Up Reins of Chicago National League Team—Other Sporting News.

CHICAGO, Feb. 10.—Johnny Evers will not be manager of the Chicago National League club next year, according to a statement given out in Charles W. Murphy's office today. It was said that Evers will be succeeded by Henry O'Day, umpire and former manager of the Cincinnati club. The statement given out in the Chicago National League's office was dated as from New York.

Murphy's statement bore a New York date line, but evidently was written in the Cub office here and "released" early this evening in a telegram which Murphy sent to Secretary Thomas. The statement gave no reason for the change in managers, other than saying that O'Day had made a good showing with the Cincinnati club in 1912.

Difference between Murphy and Evers have existed ever since the middle of last season. The loss of the city series to the White Sox last fall was blamed on Evers by Murphy, who thought good baseball judgment on the part of the Cubs' manager would have given them the winners' end.

That Murphy made up his mind some time ago to make a change in leadership is believed by certain persons close to baseball affairs here. They think that Joe Tinker was decided upon as a leader by Murphy if he could have persuaded Garry Herrmann and the rest of the Cincinnati club directors to give him the shortstop instead of Brooklyn.

May Join Federal League. Though Evers is out as manager he was not released from the club, so far as is known, but his friends here are divided on the question of whether or not he will continue to play ball with the Cubs. It is said that Evers would be willing to join the Federal league should it offer sufficient inducement.

Evers' absence from the Cub line-up would make a rather serious hole at second base it was argued, particularly since Al Bridwell, shortstop, has jumped to the Federals. Murphy has, however, a number of good young infielders.

O'Day actually began work as manager of the Cubs last month, when he signed Jimmy Johnstone, the outfielder, who was holding out over a difference in salary. O'Day began his baseball career as a pitcher and later became one of the foremost umpires, an authority on the rules, and a strict disciplinarian. In 1912 he succeeded Clark Griffith as manager of Cincinnati, but after a brilliant start his team fell back and he quit at the end of the year, resuming his old position as umpire.

Evers has been with the Cubs about twelve years. He was a main cog in the old Cub machine, in which the double play "Tinker to Evers to Chance" became famous. He was made manager last winter, soon after the release of Frank Chance was announced.

Will Play in England. Boston, Mass., Feb. 10.—Francis Quinnet the American open golf champion, arranged today to sail on April 14 for England where he will play in the amateur and open championships this spring. He will be accompanied by Arthur G. Lockwood formerly of Western Super Merit England, who has been in this country twelve years and is ranked among the leading amateurs here.

Predicts Successful Trip. New York, Feb. 10.—Glen H. Curtiss, the American aviator predicted on his return from Europe today that the proposed 24 hour flight across the Atlantic this summer would be successful if weather conditions are right. Mr. Curtiss came back to supervise the construction for Rodman Wanamaker of the flying boat in which the attempt will be made.

Packer Files Required Bond. Milwaukee, Wis., Feb. 10.—Packer McFarland, who is seeking reinstatement by the state athletic commission of Wisconsin today filed the bond of \$250 required before the writ of certiorari could be issued by Judge F. C. Eschweiler. The bond is signed by a surety company and provides that the plaintiff will pay all costs that may be awarded to the defendant. McFarland was suspended by the commission December 18, 1913, for alleged faking in his bout with Jack Britton in Milwaukee December 8, 1913.

Makes Little Progress. New York, Feb. 10.—The rules committee of the National Trotting association made little progress today towards an agreement on certain of the more important changes suggested at the joint meeting of the National and American Trotting associations held in Chicago two months ago, although its report on these changes must be ready for action by the biennial congress of the association which will go into session here tomorrow.

W. H. Gocher, secretary of the association today refused to discuss the changes proposed, but intimated that discussion of them by the rules committee had not led to their definite acceptance. It is understood that the rules likely to be modified number nearly a score, the proposed modifications including some novel features.

Among the changes to be considered is one which would give a horse the benefit of one second in

# Schedule of National League Games for Campaign of 1914

NEW YORK, February 10.—The 1914 playing schedule of the National League as announced here tonight, following the annual meeting of the Schedule Committee, calls for the opening of the season on Tuesday, April 14, and the final game on October 7. According to a notice accompanying the schedule no changes shall be made that will conflict with the American League playing dates, and double-headers shall not be scheduled for conflicting dates except by the consent of President Johnson of the American League. An exception to this ruling is made on the final trip of the season, to be exercised only in case of absolute necessity. There are but four conflicting dates, however, all of which occur in Chicago, these being May 10, 31, July 5 and September 13.

In the distribution of home holiday and Saturday dates, those schedule plums are about evenly apportioned, although the western clubs have a slight advantage over their eastern rivals. Pittsburgh draws 15 Saturdays and 3 holiday dates; Chicago 14 Saturdays, 11 Saturdays and 2 holidays; St. Louis 11 Saturdays, 10 Saturdays and 1 holiday and Cincinnati has 15 Saturdays and 10 Saturdays. In the east Boston has 13 Saturdays and 3 holiday dates; Philadelphia 13 Saturdays and 2 holidays; New York and Brooklyn share alike, each being allotted 14 Saturdays and 1 holiday.

The road schedule shows that Cincinnati has 15 Saturdays, 2 Sundays and 3 holidays; Chicago 14 Saturdays, 3 Sundays and 2 holidays; St. Louis 15 Saturdays, 6 Sundays and 2 holidays; New York 11 Saturdays, 5 Sundays and 2 holidays; Brooklyn receives a similar share; Pittsburgh 10 Saturdays and 10 Saturdays, and Philadelphia 12 Saturdays, 5 Sundays and 1 holiday.

(Blackface figures denote Sundays; in brackets, holidays.)

case it had not reduced its record in any start during the previous year. Another would make an allowance of time as much as four seconds in case a starter failed three times to win part of the purse. It is understood that a rule against penalizing heat winners, which are non-winners of a race is much in favor, though record of the failure to win will be allowed in the breeders' books. Performances against time, in which was commonly known as "tin cup" records will not be considered bar to races, it is said.

Comiskey Reported Better. Rome, Feb. 10.—President Comiskey of the Chicago American league club was reported as resting comfortably tonight. The examination of the kidneys was said to have been negative. It is thought that Mr. Comiskey will be able to morrow to attend the audience granted by the Pope.

No Change in Three Eye. Quincy, Ill., Feb. 10.—The Three Eye Baseball League will be made up of the same cities during the coming season as it was in the past season. Rock Island knocked in vain for admission. Quincy assured itself today of having a team again the coming season.

The cities of the league are, Quincy, Peoria, Dubuque, Davenport, Decatur, Danville, Bloomington and Springfield.

At the annual mid-winter meeting held in Quincy today, the schedule made by J. Phil Appel, sporting editor of the Quincy Herald, was adopted.

According to the schedule, two seasons opens April 23rd at Danville, Decatur, Peoria and Bloomington. The second opening is April 28th, at Springfield, Quincy, Davenport and Dubuque. The last games will be played Labor Day.

Instead of the teams splitting the gate receipts hereafter each visiting team will receive \$50 for each game, the remainder of the money to go to the home team.

J. Phil Appel of Quincy was appointed league statistician. The day's baseball round-up which included a meeting of the sport editors of the Three Eye League cities closed with a banquet at the Hotel Quincy tonight.

At the meeting today President A. R. Terney of Chicago presided and the cities were represented as follows:

Davenport—James T. Hayes.  
Dubuque—Forrest T. Plass.  
Bloomington—W. H. Hunter.  
Peoria—Clarence Rowland.  
Danville—James Boyle.  
Springfield—Tom Allen, Ed Buckley and Tim Sullivan.  
Decatur—Virg Sanders and William M. Berling.  
Quincy—G. A. Urban.

Chance and there were rumors of Evers coming over to the New York Americans who are badly in need of a second baseman, Rolfe Zeider groomed by Chance for that position having deserted to the Federals. The Chicago club's announcement of its change in management came as a startling close to a day devoted chiefly to speculation as to what the National League club owners would do in reference to the invasion of organized baseball by the Federals and threw all the other developments of the meeting into the shadow. At first the announcement was taken as a "joke" but when Evers continued to tell of his many flits with President Murphy since the Chicago city series last year, it dawned on those who heard him that a serious and unexpected breach had occurred.

While word of the club owners would talk as to what effect the supplanting of Evers by Henry O'Day as manager would have at this time the impression prevailed that they generally considered the action of President Murphy ill-timed.

Is Bitter in His Comment. Evers was bitter in his comment on the happenings that led up to his deposition. He said that immediately after the city series last fall between the Chicago Americans and Nationals had been won by the former Murphy found fault with him for being in the company of Jimmy Callahan.

There was a full attendance of club owners at the National League meeting when the playing schedule for the season of 1914 was adopted as presented. A four year contract between the league and Governor Tener as president, his salary to start from January 1st, 1915, was then drawn up and signed.

There was a lengthy discussion in reference to what action should be taken regarding the invasion of the new Federal league but no action was decided upon.

The board of directors confirmed the list of appointed umpires as follows:

R. T. Emslie, A. L. Orth, W. J. Byron, Charles R. River, William Klen, Mal Eason, E. C. Quigley and Harry Johnson, who comes from the Three Eye League. Henry O'Day, who was under contract as umpire for 1914 was given his release in order that he could accept the position of manager with the Chicago club. The meeting then adjourned until tomorrow.

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

It is a pity more women do not know of Mother's Friend. Here is a remedy that softens the muscles, enables them to expand without any strain upon the ligaments and enables women to go through maternity without pain, nausea, morning sickness or any of the dreaded symptoms so familiar to many mothers.

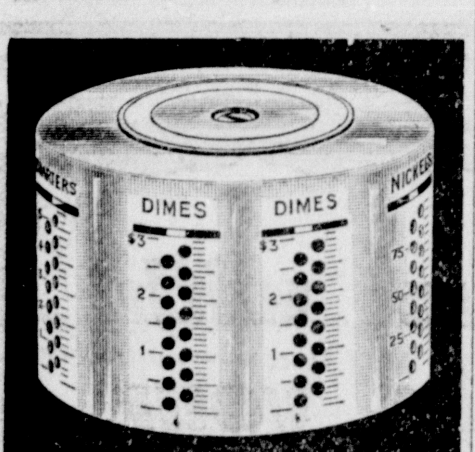

There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful, penetrating remedy, to banish all those dreaded experiences.

It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then meet some prospective mother to whom a word in time about Mother's Friend will come as a wonderful blessing. This famous remedy is sold by all druggists, and is really worth its weight in gold. Write today to the Bradfield Regulator Co., 127 Lamar Bldg., Atlanta, Ga., for a most valuable book.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And in the meantime, do not fail to get a bottle of Mother's Friend at the drug store and thus fortify yourself against any and all pain and discomfort.

## Millions Now Know MUSTEROLE

They used to put up with the muss and the bother of mustard plasters.

For, after all, nothing gave such immediate, such lasting relief as the old-time mustard plaster.

It smarted and blistered like all get-out, but it surely did the work.

Science now has combined the amazing curative properties of mustard with other ingredients into a wonderful ointment.

It is called MUSTEROLE. And it does what mustard plasters used to do, without the plaster, and without the blister!

You just rub MUSTEROLE in. That's all. Then watch how soon

the pain goes cool, soothing, away. MUSTEROLE from Sore Throat, Croup, Whooping Cough, Neuralgia, Rheumatism, Pleurisy, Pains and Aches. MUSTEROLE is available in all drug stores. Accept no substitutes. 25c or 50c to the Company, Cleveland will mail you a sample. O. A. King, M.D. says: "We consider MUSTEROLE a valuable asset to the doctor and always have it on hand."

## Special Announcement

I desire to call your especial attention to the coming engagement of M. Thayer in Arthur Hammerstein's new comedy opera success, "THE FIREFLY" Grand Friday night, Feb. 13. I have been assured that this is one of the best of its class on the stage today. Arthur Hammerstein has said:

"THE FIREFLY is the biggest and best effort of my career and carries my personal guarantee. It is the same in every particular as drew packed houses for an entire season at the Casino Theatre, New York. If you find anything to criticize—any inattention by the players, or any point about the stage management or equipment that does not justify the highest claims of my management—I shall esteem it a very great favor to have you write me in detail to my offices in the Victoria Theatre, N. Y., as I am determined that my name, when attached to an attraction, shall be a full assurance of the high value of that attraction, and I ask your assistance to that end. Miss Thayer, while new to theatre-goers of your city has already made her reputation in comedy opera. She was found by my father, Mr. Oscar Hammerstein, while she was playing a small part in 'The Gipsy,' a Broadway operetta, and had to go on one night at short notice, but made a 'hit' in the part, and my father immediately signed her for his new American Grand Opera Company. I persuaded him to let her star in my latest comedy opera, THE FIREFLY. An excellent cast and large chorus will support my little prima donna in singing the exquisite written by Rudolph Friml and tell the story written by Otto Hauerbach, who is also author of 'Sherry,' 'Dr. Deluxe' and others."

In conclusion I will add that the orchestra will be augmented greatly in and three big acts of special scenery and electrical effects will form the back and as this will be a guaranteed attraction in every respect I sincerely hope you able to attend, as this promises to be the real musical treat of the current season.

Very truly yours,

M. L. Hunt

Taylor Agnew, second truck operator at the Burlington office, went to Waverly yesterday to visit home friends.

J. W. Hemphill, of Chicago, chief lineman of the Burlington, was in the city yesterday looking over the company's property.

A. Crane, division engineer of the Burlington with headquarters at St. Louis, was in the city yesterday.

C. F. Jewell of Roodhouse, Chicago & Alton lineman, was in the city yesterday looking after the damage caused by the late storm.

M. D. Sutherland, general car repairer for the Alton was in the city yesterday from Roodhouse to look after some crippled rolling stock.

A. D. Millard, civil engineer of the C. P. & St. L., was in the city from Springfield yesterday looking after local affairs.

C. E. Underbrink, C. P. & St. L., agent at Litchberry, was in the city on business yesterday.

C. W. James, C. P. & St. L., agent at Little Indian was among the arrivals in the city yesterday.

At the Car Shops. Clifford Stout of the machine shop is at work again after an absence caused by illness.

The machine shop presents a formidable array of locomotive numbers 6, 41, 56, 59 and 61 all standing in a row undergoing repairs and general overhauling.

Number 54 is in the boiler shop getting some important work done on it.

Numbers 45, 53 and 62 are in the round house awaiting lighter repairs for a short time.

New cylinders have been received for 45 and they will soon be put in place and the engine will be ready for business.

George Yeck, the veteran blacksmith, had the misfortune to fall on the ice and suffer a general shaking up which will lay him by a while. All hope the trouble will be but temporary.

Peter Meder is back again at the blacksmith shop after a spell of sickness.

William Sauer, foreman of the blacksmith shop, is improving right along. He couldn't stay away from the shop as long as it seemed best but he is getting ahead of the disease and will doubtless be all right soon.

Edward Hanning has been employed in the machine shop.

O. V. Coates has been added to the laborers' force.

Walter Quinlan was badly hurt in the boiler shop by a flying piece of steel that struck him on the nose.

O. Wilmarth, laborer, has been employed at the shops.

William Quinlan was badly hurt by a flying piece of steel that struck his eye but he is again at work.

Walter Fernandes has been employed among the laborers.

R. Dressendorfer, boiler maker, and Miley Kehoe, helper, spent Saturday and Sunday in Pekin in the interests of the company.

It is the intention to test engine

Number 57 Friday and possibly get her out Saturday.

C. S. Branch, superintendent of motive power, spent Monday looking over things at the shops.

Harry Cobb, draughtsman of Springfield, spent Monday at the shops.

Clarence Hall, boiler maker, is back again after a week's sickness at his home.

Engine number 6 is slated for the yards at St. Louis when she goes out of the shops.

The combination motor car, 101, will probably go out the last of this week. It is a beauty and finely fixed up and will have behind a beautiful car for ladies. The whole outfit will be a credit to the shops.

Engine 32 is on the way to the shops for light repairs.

Engines 26 and 29 are rapidly going to the scrap heap.

Albert Strausser is again at work in the car house after an illness of several days.

William Craddock of the boiler shop is back again at work after suffering with a sprained ankle for some time.

The chief clerk of the post office department in the division was in the city Monday inspecting the accommodations in new combination car 101, and expressed himself highly pleased.

### FED 12 CENT CORN IN '72.

But Fat Steers Brought Only \$3.50 Then, Says Isaac Watson.

"In 1872 I fed 12c corn to steers that I fattened well, and then sold them at \$3.50," said Isaac Watson of Woodson, Ill. "This talk about making money in feeding cheap corn is a dream. In those days we fed a long time, and put a great deal of feed in the cattle."

No cattle feeder, perhaps who has been active in the business during past forty years has had more experience than he. For many years Mr. Watson has been buying all his feeding steers at Kansas City, as he handles none but the best.

This week Mr. Watson bought on the Kansas City yards 50 head of very choice feeding steers, the pick of the yards. They weighed 1,150 pounds.

## LITTLE CHANGE IN PRICE QUOTATIONS ON STOCK EXCHANGE

**Main Movement of Market Is  
Downward and Some of Less  
Active Share Break Sharply  
on the Decline.**

(By Associated Press.)

NEW YORK, Feb. 10.—The stock  
market held fast today to the ap-  
proximate level of prices which has  
prevailed for the last fortnight.  
The public following attracted by the  
recent advance appeared to have  
fallen away and efforts of profes-  
sional operators to inaugurate a de-  
cisive movement one way or the  
other were again ineffective. To-  
day's main movement was down-  
ward and on the decline some of the  
less active shares broke sharply.  
Fluctuations of the representative  
stocks however were not large and  
in the late session the market im-  
proved. The improved tone of the  
later dealings was influenced by the  
judgment of Wall Street that pos-  
sible increase of 331,000 tons in unfilled  
orders measured up fully with ex-  
pectations. It was the first gain  
in more than a year and furnished  
tangible evidence of reports during  
the last few weeks of better condi-  
tions in the steel trade. Taken in  
conjunction with the strong show-  
ing made yesterday in the copper  
producers' report and the decrease  
in idle freight cars disclosed in the  
last statement, it confirmed the  
optimism of Wall Street that pos-  
sible improvement in general busi-  
ness conditions was at hand.  
Perhaps the most active influence  
in bringing about the early decline  
in stocks was free selling for for-  
eign account. The Amsterdam  
market for American securities was  
upset by the recent collapse of Rock  
Island stocks and collateral bonds,  
and by the severe drop in Mercan-  
tile Marine issues following the de-  
cision of the British courts yester-  
day against the White Star line in  
a damage suit growing out of the  
sinking of the Titanic. Arbitrage  
brokers said that holdings of both  
the Rock Island and Mercantile  
Marine securities in Amsterdam were  
heavy and that much of today's  
selling came from that point. Sales  
for foreign account 30,000 to 40,000  
shares. Mercantile Marine  
bonds rallied after a further break  
of 4%. Rock Island stocks and  
bonds met with better support to-  
day on account of statement that  
reorganization plans now under  
consideration do not contemplate a  
receivership.  
Bonds were irregular. Total sales  
(par value) \$3,955,000.

WEALTHY HAIR—NO MORE DANDRUFF

Parisian Sage Makes Dry, Unattractive Hair Soft, Fluffy, Abundant and Radiant With Life.

It's entirely needless to have unhealthily matted, scraggy or faded hair. A little care is all that is needed to make it soft, pretty, perfectly healthy, and free from dandruff, the hair destroyer.

The Parisian Sage—it supplies hair needs and is absolutely harmless. It cleanses the scalp of all dandruff, quickly stops itching head and falling hair, and is one of the best tonics to stimulate the hair and make it grow long and beautiful.

Get a bottle of Parisian Sage today from Coover & Shreve, or at any drug counter. It costs but 50 cents. Rub it into the scalp—all dandruff disappears—your head feels fine—the hair is pretty and perfectly healthy.

HEAD STUFFED UP

Hyomel Gives Instant Relief.

If suffering from a cold or catarrh causing dull headaches or an itching and burning sensation in the nostrils, surely try Hyomel. It gives quick, effective and permanent relief, or money refunded. It goes right to the spot—you feel better in five minutes.

No roundabout method of stomach dosing with Hyomel—you breathe it. This health giving medication goes directly to the inflamed membrane, all irritation and congestion is quickly relieved, the delicate tissues healed and vitalized.

Hyomel should be in every household. Druggists everywhere sell it. Ask for the complete outfit—\$1.00.

BREAKS A BAD COLD IN A JIFFY! TRY IT

"Pape's Cold Compound" Ends Colds and Grippe in a Few Hours—Don't Stay Stuffed-up!

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice and causes no inconvenience. Be sure you get the genuine—Adv.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify your hair! Make it soft, fluffy and luxuriant—Try the Moist cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—Adv.

YOU'RE BILIOUS AND COSTIVE!—CASCARET.

Sick Headache, Bad Breath, Sour Stomach, Mean Liver and Bowels Clogged—Clean up Tonight.

Get a 10-cent box now.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by A. J. Elliott, Druggist.—Adv.

MARKET LETTERS.

Chicago Live Stock Market.

Oliver S. Green, with Walter Brothers, U. S. Yards, Chicago, reports the estimated receipts for Monday, Feb. 9th:

Cattle—20,000.  
Hogs—48,000.  
Sheep—22,000.

With zero weather trains were slow getting in. Good to choice beefs, \$8.75 to \$9.00. Prime to extra, \$9.10 to \$9.35, though fancy, if to be had, would have sold from \$9.10 to \$9.50. Best yearlings up to noon hour, \$9.25 and good weights, \$9.35. Fair to good short feds, 1,200 to 1,400, \$8.25 to \$8.65. The spread between well finished beefs and short feds not well followed, getting wider. Fair to medium, 1,100 to 1,400, \$7.50 to \$8.15. Good Butcher stuff steady to higher. Good demand for light heifers at \$7.25 to \$8.50 and 10c higher. Fat cows 10c higher, \$7.00 to \$7.75. Stockers and feeders selling at steady prices. Inferior stockers to good feeders \$5.50 to \$7.50. Select from light to good weights, \$7.65 to \$7.85, with extra quotable from \$7.85 to \$8.10. Bulls strong. Calves, common heavy to prime, vealers, \$5.00 to \$10.50.

Hogs strong and 5c higher. Selected packing and shipping, \$8.70 to \$8.80.

Mixed packing, \$8.45 to \$8.65. Medium and butchers, \$8.65 to \$8.70.

Poor to good heavy packing, \$8.50 to \$8.67½.

Light weights, \$8.50 to \$8.67½. Pigs and throw outs, \$2.50 to \$9.30.

Sheep and lambs a little firmer than last week's close, but local killers held lamb prices around \$7.90.

Kansas City Live Stock Market.

Kansas City Stock Yards, Feb. 10.—The unsatisfactory beef cattle market last week resulted in a loss of 20 to 35 cents in feeding cattle values, but stock grades held their strength. Purchasers or stockers and feeders totaled almost 13,000 head, out of 27,000 cattle received, a percentage of the supply even greater than it runs in the fall, when the big movement of the country is on. Receipts today are 9,000 head, while killing grades are strong to 10c higher, stockers and feeders are barely steady. Yearling calves sold recently at \$7.75 to \$8.25, as compared with \$7.65 for tops a year ago. One fancy lot of calves brought \$8.75 and another \$8.50.

John Anderson of Monmouth, Ill., came to Kansas City last fall when drought cattle were coming in such large numbers and bought a string of feeders, which he has fed and sold. Last week he bought 50 head of good feeders here, weighing 1,069 pounds. While here he said: "I will put these steers right into the feed lots. I am what they now call an old fashioned feeder, as I still use ear corn and clover hay, but I manage to get my cattle good enough to sell at the top price." Reports from the southwest indicate that Kansas pastures will be filled to capacity this spring. That does not mean an excessive number this year, however, as the drought last summer destroyed the reserve grass available ordinarily, cutting down pasture capacity almost one-third. Asking prices on the range so far, however, have been prohibitive, but enthusiasm of buyers and business prudence of owners will doubtless find a meeting place before the trading season ends. Volume of receipts at the five western markets last week and today suggests scarcity of beef cattle and the rise today indicates that buyers so interpret it.

MAKING POOR EYESIGHT GOOD EYESIGHT

You may have excellent vision, and be able to read the smallest type without glasses, but if you have difficulty in discerning objects which your friends see clearly—you certainly need glasses to clear that vision.

But there's no single method of testing, not one instrument that will give us an infallible diagnosis of your trouble—that's why we study and test each case individually upon its merits.

Your satisfaction depends upon our skill and with the glasses we recommend, your eye-sight troubles are certain to be ended for well and good.

WOOD'S GRAIN SOFTENER

The best way to produce the most gain out of your grain is to make it easily digested, by softening the flinty part so it will digest. In order to prove the value of our softeners we will put one on your farm with a man to run it, for what it proves to save you over any other way of feeding. When we get tired of feeding for nothing we will quit, when you get tired paying us too large a profit you can buy our outfit and we will go to the next man. We will furnish one rack and troughs, feed 1-3 ground alfalfa or clover, 2-3 shelled corn, with ground oats mixed in the syrup of the corn as a slop.

BECAUSE of Jacksonville week and the desire of every loyal merchant to prove to all comers that this is the city and now is the time and because the season now is so far advanced we'll soon be getting in the Spring goods, we make these final offers.

Remant Bargains

Our recent sales left us with a great many short lengths of high grade woollens on hand. Some of these pieces will only make up into trousers up to 30-32, while in others there is enough cloth for a pair of trousers of the ordinary run of sizes. In other pieces there is but sufficient for one ordinary suit or for coat and trousers.

Now is your chance to pick up something really fine at a very low price, and have a garment made up in style to suit you and afford you lasting satisfaction. Give us an early call and look over our stock.

Trousers Free

An extra pair of trousers with a suit is almost a necessity, even when you pay for them, but when you get them for nothing you should accept the chance.

No matter what pattern you select, if you order a suit from it, we will make you a present of an extra pair of trousers from the same piece or from another, as you may select.

This is a straight forward, honest offer, made in the interest of getting our clothing and our manner of doing business better known in the community.

CANADA NOW HAS  
PARCEL POST SYSTEM.

Preparations Which Have Been in Progress for Weeks are Finally Completed.

Ottawa, Ont., Feb. 10.—The Canadian parcel post, for which preparations have been going forward for many months, became an accomplished fact today, when Hon. Louis P. Pelletier, postmaster general of the dominion, formally inaugurated the service by dropping the first package into the mails. In the method of fixing rates according to the zone system and in many other leading features the Canadian service follows closely after the similar service established a year ago in the United States. Each province constitutes a separate zone except that the maritime provinces are embraced in one. An important feature designed to benefit the local merchants is that a twenty-mile territory around each postoffice is a local zone, enjoying rates considerably lower than those provided for in the provincial zones.

For the first three months of operation parcels up to six pounds only are to be taken. Afterwards when the system gets into proper running order the full limit of eleven pounds will be carried. The local zone system is expected to be of great benefit to the merchants and also to the farmers and gardeners, who can use the mails for sending produce to their local market at low rates. A parcel of 11 pounds can be sent 20 miles for two cents a pound, and this is expected to give the farmer a decided advantage in marketing eggs and other perishable matter. It will also give a decided advantage to the country merchant over the city department stores. The former can send out goods in parcels up to 11 pounds to his customers at two cents a pound, while if the same goods were ordered from a concern more than 20 miles distant, it would cost about five cents a pound for postage.

The next rate is fixed for the province in which the parcel is posted, the first pound to be 10 cents and each additional pound four cents. For an adjacent province the rate of 10 cents for the first pound applies, but for each additional pound an extra charge of 2 cents is imposed, making the rate 10 cents for the first pound and six cents for each subsequent pound. Beyond the province adjoining the one in which the parcel is mailed, an additional two cents a pound is imposed for each province that has to be crossed to the destination of the parcel up to a maximum charge of 12 cents a pound.

## WEEK OF PRAYER

**MT. EMORY BAPTIST CHURCH**

The meeting Monday evening was in charge of Simon Fossitt assisted by Thomas Mitchell. The attendance was good and very encouraging and the outlook so far seems to point to a successful revival. There will be meetings each evening this week at 7:45 and don't forget the special program that will be rendered tomorrow, Thursday evening in honor of Abraham Lincoln's birthday. Dr. Post with other very prominent persons will appear on the program. This meeting will be under the direct management of the woman's U. V. club of which Mrs. Mary Hayden and Mrs. Mary C. Clark are the presidents and the Men's Booster Brotherhood of which E. D. Hayden is president and general manager. Admission free to all.

## MINISTER ACCUSED

**AS WHITE SLAYER.**

Roanoke, Va., Feb. 10.—The case of Rev. B. F. Landis, the Lutheran minister who was arrested two weeks ago on a charge of violating the Mann white slave act came up for hearing before a federal commissioner today. Rev. Mr. Landis is accused of having paid the transportation from his home in Prices Fork, Va., to Bluefield, W. Va., of the wife of a neighbor named Jones. They registered at a Bluefield hotel as brother and sister, remaining several days.

## HOLIDAY AT THE POSTOFFICE.

### BROTHERHOOD TO CANVAS MEMBERSHIP

Men of State Street Church Will Visit Each Home Relative to Finances for Church and for Missions.

The regular monthly meeting of the Brotherhood of State street church was held last night at the church with a large attendance. The members are planning to have a house to house visitation of the entire membership of the church. The purpose is to see each member of the family and to have each one contribute something weekly toward the expenses of the church and for missions. It is thought this plan is better than just having the heads of the families pay for the whole family.

The men of the church will be divided into twenty five teams, with two on each team and come Sunday afternoon in the near future will be utilized to do the work.

The banquet last night was in charge of L. O. Vaught, J. K. C. Pierson and J. B. Siebert.

Be sure that your milk supply is pure and wholesome. It will meet these conditions if your order is left with us. Jacksonville Creamery Co.

### JOHN J. REEVE WAS NAMED PRESIDENT

CHOSEN BY DIRECTORS AS HEAD OF CHAMBER OF COMMERCE.

All Chairmen of Various Departments Will Continue in Their Work for Year—Paul Fritchey Re-elected at Advanced Salary—Andrew Russell Chosen Director For Two Years.

John J. Reeve, was unanimously elected president of the Jacksonville Chamber of Commerce, at their first director's meeting held Tuesday night. It was an enthusiastic gathering and nearly every director was present. William J. Brady was named vice-president and E. E. Crabtree, treasurer. Paul Fritchey was re-elected secretary of the association at an advance in salary, and it was decided to have all the chairmen of the different departments continue in their respective work for the year.

F. J. Andrews was elected temporary chairman of the business session. A letter was read from G. B. Andre, presenting his resignation as head of the Chamber of Commerce. He stated that he felt the position was one which demanded more time than he could give and health would permit. He stated however, that he would be glad in every way to help along in the work. Expressions of regret were expressed by the members upon accepting the resignation.

John J. Reeve's name was put before the meeting for president of the association and he was unanimously elected. According to the by-laws of the organization the directors have the power to fill all vacancies. Mr. Reeve upon being introduced spoke briefly of his new position. He stated that he realized the duties and responsibilities which the office demanded, and he felt that he would not be equal to the task, not would he be of much benefit to the Chamber of Commerce, if he did not have the hearty co-operation of everyone connected with it. He felt that this was imperative. He expected to do all in his power through the association to build Jacksonville up in a physical, moral and business way. Until he had looked over the field more closely and consulted with the heads of the various committees it would be impossible to outline a policy at this time. He felt that the various committees should thresh out every problem which came before them, so that when the business session of the association was held it would be short and snappy and characterized by business like method.

William J. Brady was unanimously elected vice-president and E. E. Crabtree, treasurer. Paul Fritchey was re-elected secretary at an advance in salary to \$1500 a year, his salary to date back from February first.

Andrew Russell was elected to serve two years to fill out the unexpired term of the director who resigned, as one of the eight directors which were named at the annual meeting. The directors also voted to give F. J. Iglehart, chairman of the Rural Affairs and Good Roads committee, permission to take a page advertisement in the "Burlington Way" hard roads association booklet. It was also voted that J. J. Reeve, although being elected president, should still retain his position as one of the directors. He felt it was also decided by the directors to have the various chairmen of the different departments continue in their respective work for the coming year. The head of the various committees will meet soon and name their helpers. The officers of the Boosters' Club will be elected next week.

The chairmen of the various departments follow:  
Promotion committee—O. P. Bufile.  
Public Affairs—Henry J. Rodgers.

Rural Affairs—Frank J. Heinel.  
Transportation—Frank H. Bode.  
Retail Merchants—T. M. Tomlinson.  
Finance—H. M. Capps.

Come to the Cafeteria Supper followed by musical tableaux. Westminster church, Thursday, Feb. 12. Supper begins at 5:30.
